6. Event safety cover

This event will be run in accordance with UIM/FIM safety requirements and as set out in the Event Risk Assessment.

Safety cover will be provided through the course Gallipoli to S.M. di Leuca and return. After "Punta del Pizzo" there will be by motorboats and ribs, cover in the vicinity of Punta Torre Suda, Torre San Giovanni, the navigation light of Secche di Ugento, Punta Ristola e Santa Maria di Leuca. Two fast boat, with a medical rescue Team from FIM, will follow in the rear the participants. In Torre San Giovanni you can have a berth service in case of emergency. The only mandatory point in the two course direction (North-South/South-North) of turning is the navigation light of "Secche di Ugento", where there a Jury boat will check the passages. Safety navigation control will operate from the supervision of National Coastguard, Command of Gallipoli, will be kept fully informed of the progress of the event and may keep a listening watch.

All competitors running boats with cockpit safety cells and restraints are reminded that they are responsible for their own safety and that, in the event of a capsize, their own survival depends on their ability to extract themselves from the boat. Limited safety cover at the event may be available to assist, but all crews must accept that this assistance cannot be relied upon and should be considered as secondary to their own capacity for self-extraction. The UIM recommends that all crews in restraint boats take a scuba diving course such as provided by PADI or BASC.

If you are intending to enter a canopied/restraint boat in the Salento Offshore Speed Race, please contact the F.I.M. www.fimconi.it, or your NA, before submitting your entry form.

Powerboat racing is a hazardous activity. Individuals must accept that, by engaging in active water sports such as powerboat racing, their physical safety may be endangered.

Anyone intending to participate in, or become involved with, powerboat racing organised by UIM/FIM affiliated clubs – either as a participant, team member or otherwise – does so at their own risk and such individuals must recognise the actual and potential risks associated with their involvement, including drowning, hypothermia and other physical injuries.

Participants acknowledge that it is up to them personally to assess whether any event or activity on the water is too difficult for them or their crew. Individuals acknowledge that the safety of their boat and her entire management including insurance is solely their responsibility, and they are satisfied that the boat and the crew are adequate to face the conditions that may arise in the course of the race.

Entrants into the event acknowledge that scrutineering does not constitute a condition survey of the craft and it is solely their responsibility to decide whether or not to start, or to continue, in any powerboat race. They acknowledge that the efficiency of the helmets and racing vests worn is solely their responsibility.

Individuals on signing on to the event agree (on acceptance of their entry being permitted to take part in the meeting):
